PROJECTS

EDUCATION WITHOUT “BY HEART LEARNING”

- *One of the prominent specialities of our educational system is to force individuals to memorize information,*
- *This in an initial project to hinder this method of learning, which can in the long run destroy a whole society.*

PROJECTS

LEARNING CENTERS

- *Learning center is a center in which the people of all ages and from all interests will take advantage of meeting their needs for information and skill concerning their professional, cultural or hobby needs.*
- *It is suggested that these centers be established even in the smallest settlements like villages and quarters.*

PROJECTS

CIVIC EDUCATION

- *The objective of this project is to facilitate collaboration among Governmental and Non-Governmental Institutions in the field of civic education in the context of responsible participation, human rights and democracy.*
- *An effective civic education network is established with participation of related parties to produce project ideas.*

PROJECTS

SCIENCE BAG

- *Science Bag consists of either a microscope or a telescope which will awaken the curiosity of children and will provide an opportunity to experience the basic but underlying facts of science.*
- *In addition, the bags include 3 popular scientific books.*
- *The bags can be purchased for personal use or as a gift to children.*

PROJECTS

PROMISE

- *PROMISE is a civil initiative created by WPDF.*
- *Its aim is to create an ethic code that drivers who respect for others' and their own lives should not violate the traffic rules, otherwise violating traffic rules should be considered unethical.*
- *To serve this purpose, a contract template and a sticker were prepared. In Turkey, the target, is to reach 100.000 drivers who is going to sign the contract and place the stickers on their automobiles.*
